

Website Scope of Work

Project Objective

Design and develop a premium corporate website that showcases the company's brand, portfolio, and real estate developments while providing a scalable structure for future projects.

The website will follow a clean, modern, and editorial design language with a strong emphasis on high-quality visuals, motion, and usability.

Website Structure

1. Group Pages

- Home
- About
- Projects
 - Residential Projects
 - Commercial Projects
 - Ongoing Projects
 - Completed Projects
 - Upcoming Projects
- Contact
- Careers (Optional)

2. Project Pages

Every project will follow a consistent layout to maintain brand consistency across the website.

- Project Overview
- Location
- Floor Plans
- Amenities
- Gallery
- Enquiry
- Downloads (Brochure / Documents) – with a mail/lead capture (recommended)

For smaller developments, these sections may be consolidated into a single long-form project page.

Homepage Structure

1. Hero Section
2. Company Overview
3. Featured Development
4. Company Vision
5. Project Portfolio
6. Why Choose Us
7. Completed Developments

- 8. Testimonials
- 9. Contact / Call-to-Action
- 10. Footer

Project Page Structure

- Hero Banner
- Project Introduction
- Key Highlights
- Location Advantages
- Floor Plans
- Amenities
- Image Gallery
- Downloads
- Enquiry Form

Design Direction

- Premium and timeless visual language
- Large architectural imagery
- Editorial-inspired layouts
- Smooth, subtle interactions
- Clean typography
- Mobile-first responsive experience
- Performance-focused implementation
